Why

Y DANCE IN MOTION?

Conveniently located within the walls of the YMCA of Greater Nashua, our studio truly is catered to families and our community. Our goal as a studio is to make sure every dancer feels accepted and valued. We aim to equip our students with the necessary skillset to excel as a dancer and a person. Above all, we emphasize the importance of extending kindness towards everyone in our community. Our instructors are dedicated to the safety and wellbeing of every student.

Instructors at our studio also regularly undergo trainings and refer to curriculum guidance to ensure that all dancers receive high quality dance education.
